

LICENSE APPLICATION EASTERN EUROPE

Many of our labels are available for licensing in additional European countries including:

- **Croatia (HDS ZAMP)**
- **Czech Republic (OSA)**
- **Hungary (ARTISJUS)**
- **Serbia (SOKOJ)**

All television usage should be reported to the appropriate collecting and performance rights organization of your country. Our music is registered with these societies – the abbreviated name of the collecting and performance rights organization can be found after the individual country name in parentheses.

For all other licensing inquiries such as advertising, imagefilms, internet and all other audiovisual productions, please contact **DNA MUSIK** directly at +49-8243-99322-0 or simply send us a mail to info@dna-musik.com.

Last but not least, we really enjoy helping out our creative clients with specific music researches, so please don't hesitate to contact us in this regard either.
